HOW TO DRAW SNOOPY
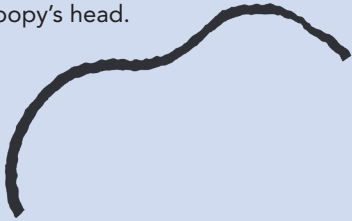

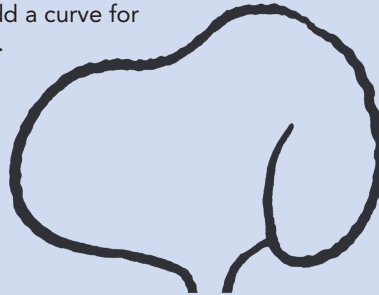

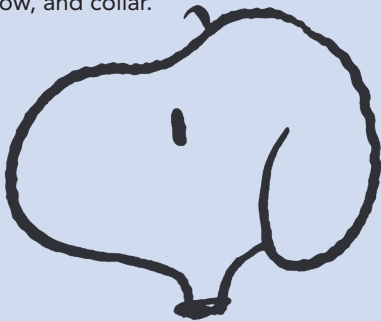

1. Start with the slope of Snoopy's head.

2. Finish Snoopy's head and add a curve for his ear.

3. Give Snoopy an eye, eyebrow, and collar.

4. Now he needs his nose, ear, and a smile!

5. Continue Snoopy's body and the shape of an arm.

6. Add marks for his paw, his spot, and tail.

7. Draw his feet and toes, and you're done!
